EXHIBITS	Resolution Letter of Support
APPROVED BY CITY MANAGER	May 9, 2025

AMOUNT OF EXPENDITURE	\$1,000
AMOUNT BUDGETED	\$0
BUDGET AMENDMENT	\$N/A

SUMMARY

At the May 5, 2025, Council Study Session, Staff provided Council with a recommendation of converting the S. 5th Street & E. Edison Avenue and the S. 9th Street & E. Edison Avenue Intersections from a two-way stop to a four-way stop scenario. The recommendation is to address potential traffic and pedestrian safety situations. In addition, this recommendation is in our opinion, the most financial economic solution for improving motorist and pedestrian safety within these intersections.

The recommended implementation process is as follows:

- ❖ Council supports the recommendation.
- ❖ We meet with businesses within the area and explain the benefits of the recommendation.
- ❖ We advertise the conversion for two weeks.
- ❖ We flag the areas for two weeks bring attention to the changes.
- ❖ We start the process.

If Council approves the recommendation at the May 12th Council Meeting and we follow the process we should have the conversion implements by June 9,2025.

RECOMMENDATION

Approve a resolution authorizing the conversion of the intersection at S. 5th Street and E. Edison Avenue and S. 9th Street and E. Edison Avenue from two-way stops to four-way stops.
