

BUSINESS OF THE CITY COUNCIL
CITY OF SUNNYSIDE, WA
February 10, 2025

ITEM TITLE: Surplus and Purchase of Police Vehicles	PROPOSED COUNCIL ACTION: Approve a Resolution
---	---

SUBMITTED BY	Rob Layman Police Chief
EXHIBITS	Quote for vehicle, upfit and computers
APPROVED BY CITY MANAGER	February 7, 2025

AMOUNT OF EXPENDITURE	\$182,588.36
AMOUNT BUDGETED	\$0.00
BUDGET AMENDMENT	\$182,588.36

SUMMARY

Two police vehicles were involved in separate crashes that resulted both the vehicles being totaled, as determined by the City’s insurance provider, Washington Cities Insurance Authority (WCIA). Both the vehicles and the after-market installed police equipment are insured for full replacement. WCIA has authorized the purchase of the vehicles and needed equipment. Upon purchase of the vehicles and police equipment, WCIA will reimburse the city for the full cost to replace the two vehicles.

There is currently one vendor on the Statewide Vendor Contract List for police vehicles that has two 2024 Ford police vehicles available for immediate purchase and delivery. There will be a reduction in the pricing for the after-market police equipment needing to be installed from FCI, as the available vehicles come with some of the needed pre-installed police equipment.

The insurance reimbursement (additional revenue) received from WCIA and the additional expenditure of the two vehicles and equipment will be included in the first budget amendment, resulting in an equal amount of revenue and expenditure.

RECOMMENDATION

Approve a resolution declaring certain vehicles surplus and authorizing disposition, and authorizing the purchase of two fully equipped police vehicles through the statewide vendor contracts for police vehicles.
