ITEM TITLE: ADA Transition Plan	PROPOSED COUNCIL ACTION: Authorize Agreement
---	--

SUBMITTED BY	Shane Fisher
EXHIBITS	Task Order 2023-02
APPROVED BY CITY MANAGER	May 17, 2023

AMOUNT OF EXPENDITURE	\$164,000.00
AMOUNT BUDGETED	\$0
BUDGET AMENDMENT	\$164,000.00

SUMMARY

The City of Sunnyside needs to complete the Self-Assessment Data Collection as a requirement of an Americans with Disabilities Act (ADA) Transition Plan to comply with Title II of the ADA, which prohibits the discrimination against individuals with disabilities in all areas of public life.

Public agencies are required to prepare a Self-Evaluation of services, policies, and practices as it relates to access for individuals with disabilities in accordance with 28 CFR Section 35.105(a). Public agencies are also required to develop an ADA Transition Plan to outline the modifications and efforts that must be made to correct findings of non-compliance with ADA standards consistent with 28 CFR Section 35.150(d).

The ADA Transition Plan would be limited to the physical surfaces within the Public right-of-way (ROW) functioning as ADA routes, including all existing and missing sidewalks, curb ramps, cross walks, and roadway crossing assistance devices such as signal push buttons. The facilities to be inventoried are assumed to include up to 157 miles of sidewalk, including barriers, 685 curb ramps, 72 pedestrian push buttons, 260 marked and unmarked crosswalks, 5 miles of asphalt bike paths, 25 railroad crossings, and existing public access parking. Performing the Self-Assessment Data Collection is the first phase of developing an ADA Transition Plan.

RECOMMENDATION

Move to authorize the City Manager to execute Task Order 2023-02 with HLA Engineering and Land Surveying to conduct the Self-Assessment Data Collection phase of the ADA Transition Plan in the amount of \$164,000.00.
